CAREER OBJECTIVES

One year of experienced with Blockchain technology specially in Smart Contract writing is looking for a position within a forward-moving company.

WORK EXPERIENCE

Software Engineer

Vemate

📅 December 2021 – Present

- Worked with Blockchain team to generate smart contract for Binance (BSC) based Crypto token named Vemate (VMT).
- Developed own staking system for Vemate having three different pools.
- Working with generating smart contracts for making Binance based fractionalized non-fungible token(NFT) marketplace.

PROJECTS

⌗ Car Doctor

This is basically car service providing web app. Seems like user will order one/multiple services after authentication and authorization. User will have to authenticate through Firebase and authorize himself through JWT token here.
- Frontend: React, Tailwind
- Backend: NodeJs, ExpressJs
- DBMS: MongoDB, Firebase

⌗ Amazon Simple

This is basically a simple ecommerce web app where user can add, remove items to the cart.
- Frontend: React, Bootstrap

⌗ Vemate Token

This is basically a Binance based crypto token named Vemate(VMT) which is audited by Certik. Also generated smart contract for private sale with staking and vesting system separately.
- Language: Solidity
- Tools: Remix IDE

⌗ Vemate Staking Pool

This is basically a system of staking tokens having three different pools with auto reward (for mature staking) and penalty (for immature staking) system.
- Language: Solidity
- Tools: Remix IDE

TECHNICAL SKILLS

- **Languages:** Javascript, Solidity, Python
- **Web Technology:** React, ExpressJS, NodeJS, Bootstrap, Tailwind, HTML5, CSS
- **DBMS:** MongoDB, Firebase
- **Version Control Tool:** Github, Git
- **Tools:** VSCode, Openzeppelin Defender, Remix, Truffle Ganache, Pycharm, Postman, Slack, Trello, Latex

SOFT SKILLS

Hard-working   Team Work
MS-Office   Quick Learning

EDUCATION

BS in Computer Science and Engineering

North South University

📅 2016 – 2020

CGPA : 3.10

Higher Secondary Certificate

Shahid Syed Nazrul Islam College

📅 2012 – 2014

GPA : 5.00

Secondary School Certificate

Imambari High School

📅 2010 – 2012

GPA : 5.00

RESEARCH WORKS

Comparison of Facial Recognition Algorithms for Criminal Detection

Supervisor: Dr. Md. Mahfuzur Rahman
- Dataset: ORL, Yale
- Algorithms: FisherFaces, EigenFaces, LBPH
